About Sanatra

Without health life is not life; it is only a state of languor and suffering - an image of death. Moving on the age old saying **Sanatra Healthcare** stands for providing expert care and innovative solutions in pharmacy and health. Incepted in year 2009 the company directs its efforts to develop innovative medicines and products that help millions of people around the world, ease suffering and enhance the quality of life.

With its dedicated and sincere efforts to create innovative medicines and prioritize its work based on unmet medical need **Sanatra Healthcare** has grown to become one of India's most respected pharmaceutical companies. The core values of the company are driven by a desire to improve human life, achieve scientific excellence, operate with the highest standards of integrity and expand access to its products. By combining strategic research and expert industry knowledge, the company aims to transform itself into a global pharmaceutical drug company.

Innovative & Research
Based Products for
Quality Life

Vision

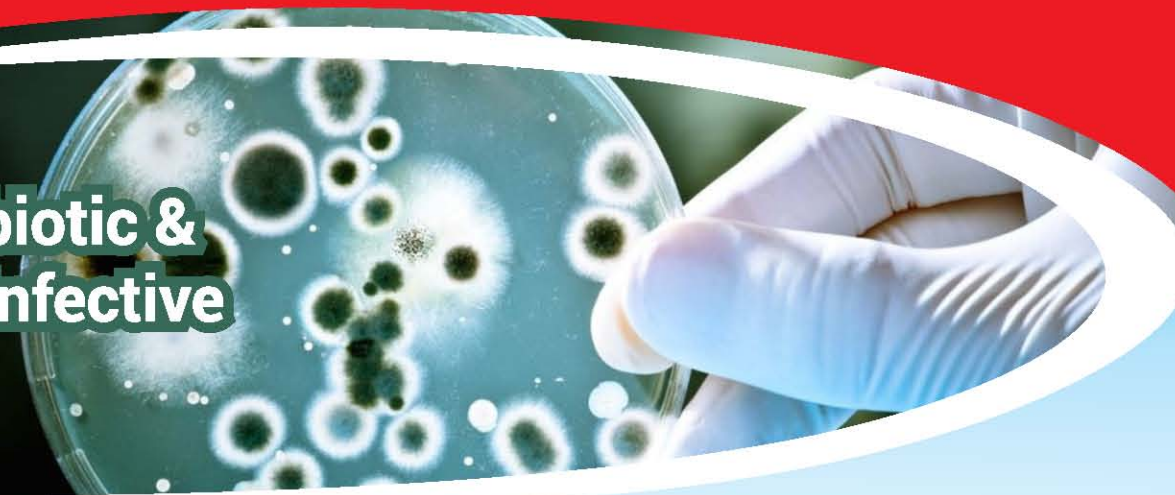

Sanatra Healthcare visualizes to create new possibilities in medicine. The company aims to focus the interest in leveraging its original ideas and technology development prowess to create innovative products that address unmet needs in medical care and day-to-day wellness.

Mission

The mission of the company is to discover and develop quality and affordable pharmaceuticals to all stratas of life. Through its passion and commitment to serve the community better it aims to be the LEADER....for patients, customers and its employees by providing products and services of the highest quality.
